Empowerment. Innovation. Results.

TECHNOLOGY

BEST-IN-CLASS WORKFLOW SOLUTIONS

Integrated Medical Partners (IMP) provides a variety of technology solutions to enhance efficiency and quality both clinically as well as in the business operations. We custom-tailor our interoperable platform to meet each of our client's needs to optimize practice performance.

PLEASE SEE BELOW A SAMPLE OF OUR TECHNOLOGY OFFERINGS:

- Bi-directional interfacing with EMR and practice management systems
- Unstructured data extraction from clinical notes
- Automated accession monitoring
- Managed imaging workflow – Cloud Based
 - RIS, PACS and Voice Recognition
 - Distributed imaging

“Our physicians now feel more supported and empowered in their ability to provide excellent patient care. We are able to align with hospital leaders and better meet their needs, improving these crucial relationships.”

– Scott Luchs, M.D., President of Ramapo Radiology Associates
